Your name _____

On-campus ☐Remote ☐

Lab number

Group number

Tutor name _____

Lab Group

Each member in a team receives the same group mark by default, but your tutor will go through this peer assessment form (which is required in the submission of final group report) to find out whether each student has contributed equally (roughly). If a student is found to have substantial below average contribution than other group members, this student will be **awarded with a lower mark after investigation**.

Group members should carefully discuss their contributions to the whole project. Complete and sign the form below, then include this form in the submission of the Final Group Project Report.

(Group members' names (including your own) in alphabetical order)

	Family Name	Given Name
1		
2		
3		
4		
5		

Evaluation of group member participation involves peer and self-assessment. This information will be used by the cc/lecturer to moderate individual student marks.

Scale:

- 0= no contribution;**
1 = minimal contribution;
2 = minor contribution;
3 = satisfactory contribution;
4 = substantial contribution;
5 = very substantial contribution

	Group Member				
Assessment	1	2	3	4	5
Contribution at meetings (do they attend, participate and share ideas?)					
Commitment to common goal (do they keep on task and show concern for doing things right)					
Skill input (do they show an understanding of ideas and apply them?)					
Reliable completion of tasks (do they show a responsibility to the group and the tasks they have to do?)					
TOTAL SCORE (MAX 20)
